International Journal of Food and Fermentation Technology

Vol. 14, No. 01, June 2024

RESEARCH PAPERS

- Food Fermentation: Traditional Practices and Modern Applications in Food Industry 239
Muhammad Mujahid, Mishal Wakeel, Alia Muhammad Ali, Sumaiya Saeed, Amna Shah Nawaz and Kinza Hafeez
- Solar Drying of Beetroot Slices and Its Quality Evaluation 275
Santosh Ankush Nale and Shrikant Baslingappa Swami
- Effect of Soaking Temperature on the Physical Properties of Paddy (Variety: PS-5) 291
Alka Singh, Suresh Chandra, Neelash Chauhan, Jaivir Singh, D.K. Mishra and B.R. Singh
- Effect of Concentration and Hydrocolloids Formation on Rheological Properties of Gelatinized Cassava Starch and Jackfruit Seeds Starch Dispersions 303
Sagar Nagnath Hundekari and Shrikant Baslingappa Swami
- Convective Hot Air Drying of *Aloe vera* Slices and its Quality Evaluation 311
Ashwini Ramchandra Mali and Shrikant Baslingappa Swami
- Microwave Convective Extraction of Pectin from Jackfruit Waste and its Quality Evaluation 325
Pranabadevi Babasaheb Sontakke, Shrikant Baslingappa Swami, Suhas Zambre and K.V. Venkatesh
- Effect of Pre-treatments and Open Sun Drying of Grapes on its Quality 343
Kunal Umakant Yadav and Shrikant Baslingappa Swami
- Development of Powder from Amaranthus by Convective Hot Air Drying at Varied Temperatures and its Quality Evaluation 361
Yogesh Appaso Sargar and Shrikant Baslingappa Swami

REVIEW PAPERS

- Deep Fat Frying of Fruits, Vegetables and Tuber Crops: A Review 375
Akshata Manish Gokhale and Shrikant Baslingappa Swami
- New Insights of Blending in Tea Industry and its Health Benefits: A Review 401
Prashant Pandurang Gosavi and Shrikant Baslingappa Swami
- Effect of Pre-treatments on Extraction Yield and Quality of Fruit Pectin: A Review 423
Ganesh Balbhim Shinde, Shrikant Baslingappa Swami, Suhas Zambre and K.V. Venkatesh
