CONTENTS

International Journal of Food and Fermentation Technology

Vol. 7, No. 1, June 2017

REVIEW PAPER
Cassava as Potential Crop for the Food and Fermentation Industry: A review
Kamaljit Kaur and Preeti Ahluwalia

Ochratoxin A in Food: An Overview
V.K. Joshi, Anuradha Pandit and Devina Vaidya

RESEARCH PAPER
Analysis of Amino Acids in Cocoa Beans Produced during Fermentation by High Performance Liquid Chromatography (HPLC)
Mulono Apriyanto

Chemical and Mineral Composition of Defatted Flaxseed Flour Incorporated Crackers
Ritika Sharma, Monika Sood and Julie D. Bandral

Development of Chicken Meat Cutlets Incorporating Carrots and Oats as Functional Ingredients
Rahul Gupta, S.S. Thind, A. Kaur and Suresh Bhise

Standardising Preprocess Treatments for Improved Sensory Quality and Storage Stability of Carp Pickle
K.M. Waghmare, S. George and A.E. Sonavane

Preparation of Probiotic Apple Juice by Lactic Acid Fermentation
A. Thakur and V.K. Joshi

Fortification of Pasta with White Button Mushroom: Functional and Rheological Properties
Nilakshi Chauhan, Devina Vaidya, Anil Gupta and Anuradha Pandit
Salt Tolerant Microorganisms in Fermented Raw Jackfruit and Standardization of a Method for Improved Preservation

P.D. Savita, B. Kanchanashri, S.B. Niveditha and V.C. Suvarna

Screening of Mulberry Accessions for Wine Preparation

Preeti Yadav, Neelima Garg and Sanjay Kumar

Solid State Fermentation of Mango Peel and Mango Seed Waste by Different Yeasts and Bacteria for Nutritional Improvement

K.B. Munishamanna, K.B. Suresha, R. Veena and S. Subramanya

Development and Evaluation of Spirulina Incorporated Little Millet Cookies

A. Padma and R. Rajendran

Evaluation of Antioxidant and Antimicrobial Activity of Rhododendron arboreum Flowers Extract

Piyush Kashyap, Shailza Anand and Abhimanyu Thakur

Effect of Niger Seed Supplementation on Sensorial and Nutritional Attributes of some Common Indian Recipes

Rohini Jain and Neerja Singla

Stability Analysis of Food Bio-colour Extracts from Soybean Meal through Solid State Fermentation

S.R. Mhalaskar and S.S. Thorat

Effect of Blanching on Quality Characteristics of Osmotically Dried and Appetized Ginger Flakes

Manisha Kaushal, Aarti Dhiman, Devina Vaidya, Anil Gupta and Anil Verma

A Study on Shelf-life Extension of Sweet Corn

H.P. Geetha, V. Palanimuthu and G. Srinivas

Process Optimization for Mozzarella Cheese from Cow and Buffalo Milk

Abhijeet B. Fasale, Vaibhav S. Patil and D.T. Bornare

Nutritional Profiling and Sensory Evaluation of Multigrain Flour Based Indigenous Fermented Food

Shikha Singh, Anisha Verma and Neeru Bala
Development of Cucumber Fermented Beverage using Response Surface Methodology

T. Keerthika, C.S. Devaki, P. Florence Suma and Asna Urooj

181

Preparation and Evaluation of Functionally Enriched Squash from Rhododendron (Rhododendron arboreum Sm.) Flowers

Monika Bhatt, Ghan Shyam Abrol, Sanjeev Kumar and B.P. Nautiyal

191

Book Review
